

HOW CAN INHP HELP YOU?

For more than 30 years, INHP has been dedicated to supporting the homeownership goals of the families and individuals we serve and the neighborhoods where they choose to live.

WANT TO BUY A HOME?

- **Advising:** Work with a homeownership advisor for up to 24 months to reduce debt, save for a down payment and eliminate credit barriers.
- **Education:** Take a class to financially prepare for homeownership, improve your credit and navigate the homebuying process.
- **Home mortgage loans:** Select an affordable loan option that is right for you. Choose from our mortgage products or from many local lender partners.
- **Specialty loan programs:** Ask whether Revive Indy, Mortgage Accelerator or other Down Payment Assistance programs are right for you.

ALREADY OWN A HOME?

- **Upgrade to energy efficiency:** Finance new appliances that reduce your utility bills and improve the comfort of your home.
- **Home improvement:** Modify or repair your home through affordable financing options.

INHP'S TEAM

Whether you are working with one of INHP's HUD-certified homeownership advisors or a mortgage loan originator, INHP's team is here to answer your questions, give you unbiased advice and help you understand the choices you have on your homeownership journey.

DID YOU KNOW?

More than 37,000 people have benefited from an INHP program.
